ENCLOSE A PATIO

DECK TURNED OASIS

WIND PROTECTION

WET & HIGH USE AREAS

## ENCLOSE A BEACHSIDE PATIO

Have a great outdoor space you want to use year round? The homeowners of this beachside home needed a unique way to enjoy their patio in the ever changing ocean climate. **Multi-fold** shutters enabled them to pull their shutters to the side on beautiful days or close them off quickly when the storms rolled in.

## CITY SLEEK WITH WIND PROTECTION

Weatherwell shutters' robust design gives them the strength to survive high winds while maintaining a sleek look. This downtown high-rise HOA was looking for a way to protect furniture from winds. **Sliding** aluminum shutters met all their needs of security and still maintained the design continuity of the building.

## DECK TURNED PRIVATE OASIS

An outside deck that was never used due to close neighbors became an oasis when enclosed with **Fixed** aluminum shutters. Movable blades that can be set in any position gave the homeowners ultimate flexibility and solitude. No more prying eyes.

## WET & HIGH USE RESORT LIVING

Weatherwell Aluminum shutters are perfect for extending the luxurious look of timber shutters into commercial and high-use areas. This beachside resort needed to ensure privacy for the hot tub enclosures around their property. **Hinged** shutters maintained the picturesque view and privacy while allowing airflow.
